UFSCar - Federal University of São Carlos (Brazil) is proud to invite submissions for open positions with funded scholarships starting upcoming semester (1S/2018):

- 01 x Post-doc
- 01 x TT-4 FAPESP
- 01 x MSc

All positions are fully-funded for the duration of the research projects, which are executed in the context of an EU-BR collaborative project (NECOS - Novel Enablers for Cloud Slicing) and in collaboration with a large-size international telecom industry player. Research topics include network slicing, multi-domain service orchestration, big data / machine learning / analytics, best of breed open source environments and SDN/NFV/MEC technologies and scenarios.

The work can be executed either at Sorocaba or São Carlos cities, both located in the interior side of Sao Paulo state.

Please forward this information to potential candidates and friends whom might be interested!

In case of interest and to apply for this opportunity, please send an email to Prof. Fabio Verdi and Cesar Marcondes ([verdi@ufscar.br](mailto:verdi@ufscar.br) and [marcondes@dc.ufscar.br](mailto:marcondes@dc.ufscar.br)) including your full documented resume.

Best regards,  
Fábio.
