A full Ph.D. scholarship at UNSW Sydney is available for a student to work on topics such as social and cognitive robotics. Particular areas of interest include reinforcement learning, interactive machine learning, explainability, and multi-agent systems.

UNSW is a research university placed in Sydney, one of the most liveable cities in the world. The School of Computer Science and Engineering this year celebrates 30 years of world-class education, industry-leading research, and global impact.

### \*\*\* Requirements:

The minimum requirements to apply are:

- A Bachelor's degree with upper second class Honours; or
- A Master's degree with a substantial research component; or
- An equivalent qualification from a tertiary institution as determined by the Faculty Higher Degree Committee (HDC)

Additionally, it is desirable the applicant has relevant background and research experience.

### \*\*\* What we offer:

The candidate will be supervised by Dr. Francisco Cruz. We offer a full scholarship for 3.5 years including AUD \$28,854 per annum (2022 rate), tuition fees, and overseas student health cover (OSHC).

### \*\*\* Application:

If you are interested and have related background please send the following documents to f.cruz (AT) [unsw.edu.au](mailto:f.cruz@unsw.edu.au) by August 31st:

- Your CV
- Academic transcripts
- 2 paragraphs describing your research interests and background
- Most relevant publication, if any, or Master thesis (or equivalent)

Should you have questions or would like to discuss further details, please get in touch.

Dr. Francisco Cruz  
School of Computer Science and Engineering  
Faculty of Engineering  
UNSW Sydney
